

Summer 2005 Coweeta Meeting, 28-29 June
Mid-Term NSF Site Review
Coweeta Conference Center, Coweeta Hydrologic Laboratory

This meeting consisted of the Coweeta LTER Mid-term Site Review by an external, NSF-selected committee. The committee consisted of five individuals accompanied by the NSF program officer in charge of the program. In addition to investigators and students directly associated with the Coweeta LTER, several special guests were invited from the University of Georgia. The meeting took place over two days on June 28-29 at the Coweeta Hydrologic Laboratory. Following are the list of attendees and the schedule for the meeting. All materials associated with this review including the CWT Third-Year Report of Activities, presentations, and the NSF Mid-Term Report are archived at <http://coweeta.ecology.uga.edu> for consultation.
